

Instructions Registration SBB WiFi

Step 1: Go to 'Settings' on your device.

Step 2: Search for 'Connections' 'WiFi' or 'Network & internet' (the exact name can vary depending on the device manufacturer and version).

Step 3: Activate your WiFi. You should now see a list of available WiFi networks. Select the network **SBB-FREE** to connect.

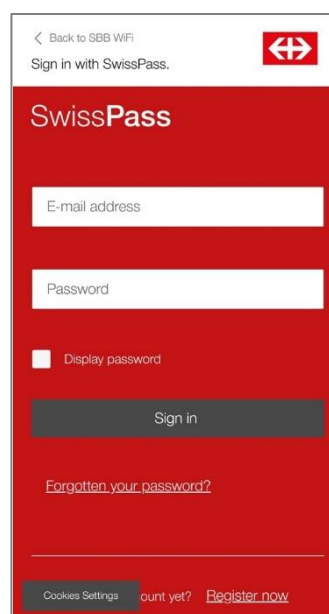

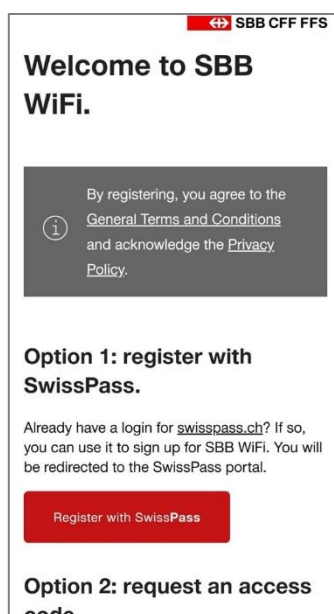

Step 4: Depending on your device, a window should now open automatically. If this doesn't happen, open a browser such as Safari or Chrome. The registration page should then open.

Step 5: There are two ways to sign in on the registration page: using your SwissPass login or via an access code sent by text.

Sign in with your SwissPass login

Click on the button 'Sign in with SwissPass'. You will be automatically redirected to the SwissPass login page.

Please note that the SwissPass login option is only available if your customer account is linked to a SwissPass card.

Sign in with a code sent by text

Enter your telephone number in the space provided. Then click on 'Request access code'. A code will be sent to you by text within one minute. Enter the code in the space provided.

register with swisspass

Option 2: request an access code.

Enter your mobile phone number below. We will then send you a free SMS with an access code which you can enter on the next page.
