

Booking journeys with a bicycle to/from and in Italy

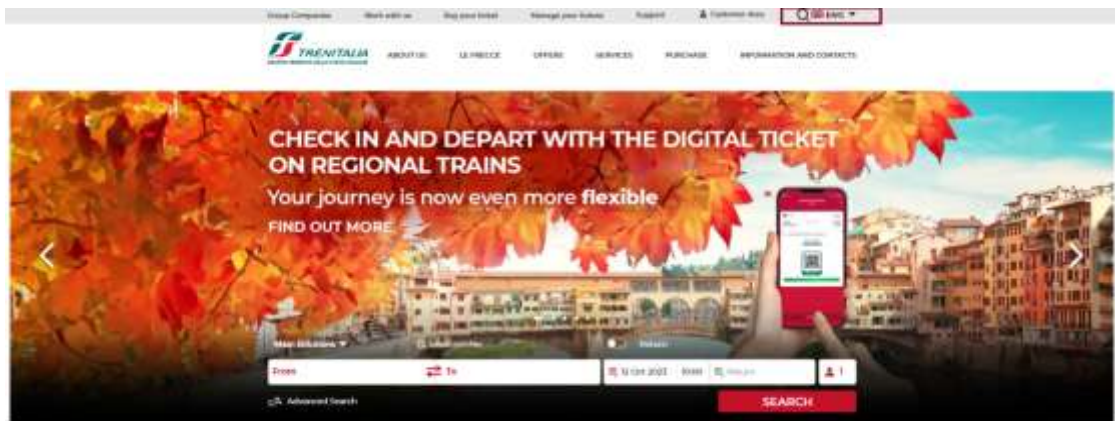

It is temporarily not possible to purchase an international journey with a bicycle to Italy using SBB's sales channels. For this reason, trips with a bicycle need to be booked directly with our cooperation partners over the coming months.

The booking process on Trenitalia's online webshop is explained below.

Please note: Bike reservations cannot be made separately. They must always be made with the purchase of the ticket. This means the entire journey, including passenger tickets, must be booked via Trenitalia's online channel.

Booking instructions:

1. Log in to Trenitalia's webshop: <https://www.trenitalia.com/en.html>
2. Select English

3. The passenger bookings are made first.

- **Please note:** Place names are entered without umlauts ('Zürich HB' is entered as 'Zuerich HB') and place names in Italy are only available in Italian ('Genoa' is entered as 'Genova').
- Enter number of passengers.

- Select the desired connection and offer and activate 'Choose seats'. This service is free on EuroCity trains. Click on 'Continue'.

5. Look for coaches with bike spaces on the seating display screen. Bike symbols are used to show them on EuroCity trains. Bike spaces are usually found in coach 3 on InterCity trains in Italy. If you wish to travel in 1st class, you can make a bike reservation, but your bike will be put in a different coach as the bike symbols are generally only found in 2nd class coaches.
6. Book your seat in a coach with bike spaces or in a coach near to the bike spaces and confirm your selection.

7. Enter your contact and customer details and select the additional option 'Travel with your bike'. Click on 'Add'.

Useful information

From when can I book my international journey with a bike at SBB?

We are working on the technical implementation in our sales channels and we aim for bookings to be possible within Swiss public transport over the course of the next year.

For which trains can I book a journey with my bike in Trenitalia's online webshop?

Bike reservations are available on the following trains:

- EuroCity international trains
- InterCity trains in Italy
- Regional trains in Italy

Bike reservations cannot be made on high-speed trains. Bikes can only be transported if they can be packed and stored in the passenger compartment. Please note that the maximum size is 80 x 110 x 45cm for free carriage on high-speed trains.

If you request a connection involving a high-speed train, no additional bike reservation option is provided.

Can I make a bike reservation on a EuroCity train for Swiss sections of the journey?

This option will be available from December 2023. Reservations can be made via the SBB Mobile app, the SBB webshop and at staffed points of sale in Switzerland.

I've already purchased tickets from SBB but now want to book a bike service.

You can request a refund of tickets if permitted under the conditions. If no refund can be provided, you can travel with your bike provided it's packed in a bag and can be stored in the passenger compartment. The maximum size of 80 x 110 x 45cm applies for the free carriage of bikes on EuroCity trains.

My bike and I have been put in different coaches or in different train compositions. Can I change my seat?

Unfortunately, you are unable to change your seat. You must go through the booking process again from the start. Delete the booking made from the cart and start the booking process from the beginning.

Do I also have to buy an additional bike ticket for the journey with the bike on the EuroCity in Switzerland?

No. You only pay the amount charged during the booking on trenitalia.com.

I travel 1st class. Are there bike spaces in 1st class?

The bike spaces are located in a 2nd class coach on most trains. It's advisable to book a seat in 1st class closest to the coach where your bike is.

I have a Half Fare Travelcard or GA Travelcard. How can I find the right offer on trenitalia.com?

Click on '**See other offers**' and select 'HTX Switzerland' for the Half Fare Travelcard and 'GA Switzerland' for the GA Travelcard. Enter the alphanumeric SwissPass ID as the subscription number.

Alternatively, you can also enter the first 6 digits of your SwissPass customer number without the hyphen.
